EXECUTIVE ORDER TO CLET PRINTING

Editorial Board for Each Department.

GENERAL COMMISSION, ALSO

President Directs Tables and Duplicate Copies Be Blue Penciled in Bureaus Liberally.

Keep Commission, and in indorsement lieves that a monarchy is safest when of plans already formulated in the Congressional Joint Committee on Printing.

The utterance of the prince has greatly offended the reactionaries at the court President Roosevelt has issued orders of Berlin. for the preparation of manuscript to be submitted to the Government Printing YOUNG MAN PASSES AWAY Office from the various departments.

The executive order provides for the appointment of an advisory committee on printing and publication in each de to edit copy before it goes to the Public Printer. It will pass upon the illustrations to be used, supervise reparation of blank forms, prevent duplication and eliminate all unnecessary tables and statistics.

Reports Barred.

The reports of officers who do not report directly to the head of an execu tive department are hereafter not to be included in the annual report of & de-partment. Tables will be inserted only where verbal summaries and statements of totals are inadequate. Detailed de-scriptions of methods, processes, purchases, bids, rejections, repairs, speci-fications, and such will be omitted, ex-

cept when required by their importance.
In concluding his general order the President provides for a general com-mittee on printing and binding. The personnel of this committee is to be selected from Government officials and two members not in the Government service who are thoroughly qualified to pass judgment upon printing and bind-ing. The order becomes effective at

The Keep Commission and the Congressional Commission, of which Sena-tor Platt is chairman, have gone into detail regarding the printing expendi-tures of the Government. The Keep Commission has practically completed its investigation. It is said that body found that much of the matter from different departments had been duplicated, and that the "copy" was not edited before it was submitted to the Public Printer. This they claim increases the work of the Government Printing Office to such an extent that to get rid of the excess they recommended the issuance of the executive order.

New Law Needed.

The joint Committee on Printing has not as yet completed its researches. At present, it is investigating the condition at the Department of Commer-and Labor. When this is finished, will take up the work of the Land O tice. Sufficient evidence of the dupliamount of unnecessary printing, has been found to convince the members

sary.

Senator Plait, who returned to the Senate today from a long absence, has taken personal charge of the investigation, and will push the work to completion at an early date. The committee will introduce in Congress such amendments to the law as it deems necessary to prevent wasteful expenditures in printing.

Black Splotches A'l Over Face -Produced Severe Itching-Year's Treatment by Physicians Did No Good and Became Despondent-Affected Parts Now Clear as Ever - Alabama Lady's

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, produced a severe itching irritation, and which caused me a great deal of an ance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good. "Finally I became despondent and decided to discontinue their services.

Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outift, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three

years ago.
"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known."
